

WalkMe Realizer Award Winners Honored During Annual Digital Adoption Event

April 7, 2022

Awards recognize companies and DAP Professionals driving demonstrable business outcomes through digital adoption

SAN FRANCISCO, April 7, 2022 /PRNewswire/ -- [WalkMe Ltd.](#) (NASDAQ: WKME), a leading provider of digital adoption platforms (DAP), today announced the seven winners of its annual WalkMe Realizer Awards. The winners were honored during [WalkMe Realize](#), which happened virtually April 5-6, 2022.

The WalkMe Realizer Awards spotlight companies and individuals using and evangelizing digital adoption to realize the full potential of technology to deliver business value in their respective spaces. This year, WalkMe received hundreds of submissions from more than 60 customers around the world, representing how organizations across a multitude of industries use WalkMe in unique and transformative ways.

"The sheer volume and caliber of amazing stories we received during the submission process this year was mind blowing," said **Wayne McCulloch, Chief Customer Officer at WalkMe**. "While it certainly made for a difficult selection process for our judges, what rang loud and clear was the passion behind these projects and the real business outcomes being generated every day by a digital adoption platform. The hundreds of submissions we received highlighted some of the most innovative ways companies are using WalkMe to drive user experience through data and action. While we could choose only seven winners, all submissions are shining examples of what digital adoption success looks like. Hats off to the winners, as well as those who stepped up to share their stories."
